## FOUNDER | STORY TELLER: MINDY DERR

**She built it. They came. And four decades later, they still do.**

Mindy's riveting journey as a Founder and Healthcare/Golf Innovator is a passionate narrative of survival, service, longevity, and perpetuity.

Fore Hope, the first-ever grassroots golf therapy program in the nation to be integrated into a major healthcare system, was founded by Mindy in 1989 for her father. Since 2017, Fore Hope has been part of OhioHealth's Neuroscience Center. Mindy led the program for 27 years, raising \$6 million since its inception and impacting more than 10,000 lives. Today, services continue as Fore Hope remains a lasting part of patient care. Visit [OhioHealth.com/ForeHope](http://OhioHealth.com/ForeHope) to learn more.

During her tenure as a Consultant for OhioHealth, Mindy expanded her impact by launching a turnkey golf therapy model designed to support patients with neurological conditions. To secure the program's future, Mindy and the OhioHealth Foundation established the Guy Derr and Mindy Derr Fore Hope Endowment, ensuring its services will continue for generations to come.

---

**Wellness and Golf – Mindy's new storytelling platform – presents a roadmap for achievement and longevity, built on Mindy's history of persistence and sustained success. Working with Businesses, Entrepreneurs, Individuals and Organizations, Mindy shares her principles for audiences seeking lasting impact:**

▶ **END IN MIND** ▶ **ACT WITH PURPOSE** ▶ **STAY THE COURSE** ▶ **REVIEW AND RESOLVE**

## WELLNESS & GOLF PRESENTS:

### ✔ **Mindy's Keynote Presentations**

Global audiences, as Mindy appeals to diverse groups on topics such as vision, commitment to mission, investor relations, and the preservation of any enterprise. Mindy notes that exceptional service builds trust and boosts brand reputation, while good stewardship promotes service longevity. **What is one's legacy?**

### ✔ **Golf and Healthcare Communities**

Wellness and Golf promotes the transformative power of golf therapy using storytelling to inspire, educate, and offer hope. Mindy emphasizes the importance of golf as an ingredient in healing by enhancing function, independence, mobility, and quality of life. Her perspective is also personal, as she "walks the talk" living with MS.

### ✔ **Tutorials**

Mindy leverages her dual expertise in golf and healthcare to design tailored curricula for Medical and Golf Professionals. Her tradition of golf/healthcare duo, carry on.

*Subject Matter Menus are tailored specifically for each audience of interest.*
